The USDA Forest Service uses the most current and complete data available. GIS data and product accuracy may vary. Using GIS products for purposes other than those for which they are intended may yield inaccurate or misleading results. The USDA Forest Service reserves the right to correct, update, modify, or replace GIS products without notification.

The list of routes and land ownership used to derive the Alternative Maps are based on a data "snapshot" of the Klamath National Forest in March 2009.
