Coeur d'Alene - Fire.

Forest Ranger E. C. Pulaski,
Through the Forest Supervisor,
Wallace, Idaho.

My dear Mr. Pulaski:

I wish to express my deep personal appreciation of the spirit and determination which you displayed in fighting the fires on the Coeur d'Alene National Forest during the past season and of the very efficient character of your services as a Forest Officer. I am particularly impressed by the courage which you showed in meeting the trying situation on August 20, when your own life and the lives of the men under you were endangered. The District Forester informs me that it was wholly due to the courage and judgment which you displayed, at great personal risk, that your entire crew was not killed.

I am proud to be associated in the Service with men of such metal and I wish you most heartily a speedy and complete recovery from all of your injuries.

Very sincerely yours,

~~ACTING~~ Forester.
