**Subject:** Decision Notice, Finding of No Significant Impacts, and Response to Public Comments on the Freel/Meiss Transportation Trail Access and Travel Management Plan Environmental Assessment.

**To:** Interested Public

I appreciate your interest and participation in the planning for this project. The first pre-decisional comment period on the Environmental Assessment ended on July 14, 2003 and the second public comment period ended on September 15, 2003. Since July, my staff and I have been reviewing your comments. I carefully considered each response in making my decision and this is described in detail in the enclosed "Decision Notice and Finding of No Significant Impacts".

Thank you for your interest in Forest Service management of your public lands in the Lake Tahoe Basin.

Sincerely,

MARIBETH GUSTAFSON  
Forest Supervisor
