"Forest Service Supervisor's Office Relocating"

SAN BERNARDINO, CA.—The Supervisor's Office of the San Bernardino National Forest will be making the move from the leased Commercenter Circle facility to a new Forest Service owned office on Tippecanoe Avenue in San Bernardino beginning Friday June 2nd. The basic move procedures are expected to be complete that weekend, with the new office open for visitors and business on Monday, June 5th. An open house for the public is being planned for late summer.

As of noon on Friday June 2nd, the Commercenter Circle office will be closed to routine walk-in business, and the office phone and computer lines will be out of service until 8:00 a.m. on Monday, June 5th. All phone numbers will remain the same. Every effort is being made to make the move as swift and smooth as possible. There may be some potential minor outages as the transition is being made during the first week of business. All other local Forest Service offices will remain open that day and throughout the weekend to serve the public.

According to Forest Supervisor Jeanne Wade Evans: “The opening of this new Supervisor’s Office is an important occasion, creating a professional facility that staff and visitors have needed for years.”

The new office has many advantages over the old facility. Easier access and parking for both visitors and employees has been constructed, along with more space for the administration and program management of the complex and diverse Forest Service activities on the San Bernardino National Forest. The Supervisor’s Office also includes a state-of-the-art Federal Interagency Communications Center, a new Environmental Education Room and the relocated Danny Rhynes Wildland Fire Training Facility. Work on the facility’s parking lots, façade and landscaping will continue throughout the summer.

The new Supervisor’s Office address is:

602 South Tippecanoe Avenue
San Bernardino, CA 92408

For more information on the office move, call the San Bernardino National Forest Supervisor’s Office at (909) 382-2600 or go online at www.fs.fed.us/r5/sanbernardino. More information on the open house will be released in the future.
