**Volunteer Fire Restoration Project July 30th**

The San Bernardino National Forest in partnership with the communities and volunteer groups continue to press forward with fire restoration projects as a result of the catastrophic fires of October 2003. The October Fires that consumed over 150,000 acres and burned over 1,000 homes.

The Mountaintop Ranger District needs volunteer help with site restoration in the Lake Arrowhead area, at two of the picnic sites. Join Forest Service staff and volunteers on Saturday July 30th doing light maintenance work, and checking of our recently planted pine seedlings. Bring gloves, hat, sunscreen and water. The project is great for everyone, seniors, groups, family and friends.

We will meet at the Skyforest Ranger Station at 9 am, located on highway 18 just east of Lake Arrowhead.
