— Forwarded by Jackie Riley/R5/USDAFS on 05/05/2010 09:31 AM —

Good Morning Jackie,

Would you please notify employees and retirees that former Shasta-Trinity Forest Supervisor Bob Tyrrel passed away at home early this morning. Bob had been suffering from chronic obstructive pulmonary disease (COPD) for the past years. His wife Janet would prefer no phone calls at this time, but cards and letters can be sent to her at 891 Sunriver Lane in Redding, CA 96001. A memorial service may be planned for later near the end of the month, and I'll pass on any information when I get it. Thank you. Cris Hartman
