### **Tally Lake Road Improvements To Begin Next Week**

Improvements to Tally Lake Road, Forest Service Road # 913 on the Flathead National Forest, are scheduled to begin next week. The road will remain open with no delays on weekends or during the evening hours, but visitors may experience traffic delays while culverts are replaced and the road is resurfaced.

Delays can be expected to average between 15 and 30 minutes, but may last as long as two hours in some cases.

This project is funded through the American Recovery and Reinvestment Act and will improve road conditions to Tally Lake Campground and Day Use Area.

Western Reclamation out of Superior, Montana was awarded the contract and will be working until the estimated completion date of August 1, 2010.

For more information regarding this project please contact the Tally Lake Ranger District at (406) 758 – 5204.
