Length: 6 miles one-way (9.7 km)

Trail Use: Moderate

Beginning Elevation: 8,600 feet (2621 m)

USGS Map(s): Aspen, Ruedi

Difficulty: Moderate

Ending Elevation: 10,989 feet (3349 m)

ATTRACTIONS/CONSIDERATIONS: Kobey Park, above the old Sawmill at Lenado, is a historic logging area with many spur roads. It affords beautiful views of the Elk Mountains, Williams Mountains, and Sawatch Range.

ACCESS: Travel west 7 miles from Aspen on Highway 82 to the Woody Creek turnoff on your right. At the bottom of the hill and across the bridge turn left to the Woody Creek Tavern. About a 1/4 mile past the tavern make a sharp right onto Road 18 and drive 10 miles to Lenado. From there continue on up the road to Kobey Park.

NARRATIVE: From Lenado continue up the 4WD road, #103. This road is sometimes called Christmas Tree Road since it winds back and forth across the mountain. There are numerous spur roads that lead nowhere. Please stay on the main road. At the intersection between Roads 103 and 508, keep straight on Road 508 to Kobey Park (Road 103 goes to the right, intersects with Road 526, and heads to the Margy Hut). Mt. Yeckel can be accessed from Road 526.

ETHICS/REGULATIONS: Motorized vehicles are not allowed within adjacent Wilderness Areas. Before you go out, check into available routes, their conditions, ownership of land, posted areas, regulations that apply and the following rules:

- * **Respect private property.** Ask permission before entering.
- * **Be considerate** of other winter back-country travelers. Remember, we're all out to enjoy the outdoors.
- * **Avoid disturbing wild animals** by staying out of elk and deer wintering areas. Detour if you spot wildlife.
- * **Take care not to damage fences and/or gates.** When using gates, please close them behind you.
- * **Wilderness areas and Primitive areas are CLOSED to motorized recreational vehicles.** If in doubt, inquire at a local Forest Service office. Obey all signs.
- * **BEWARE OF AVALANCHES!** Avalanches may occur at any time during the winter. Avoid mountainous terrain after heavy snowfalls or prolonged periods of high wind. Stay on the windblown side of ridges. Avoid crossing steep hillsides and entering narrow, steep canyons.
