Tally Lake Road Work May Occur This Weekend

Contract crews may be working on the Tally Lake Road, Forest Road #913, this weekend, June 26-27, to continue a resurfacing project funded by Recovery Funds on the Flathead National Forest. Recent weather conditions have delayed the work.

The road will remain open, but there may be some temporary delays. Drivers are urged to drive with care and be cautious in areas of activity with gravel dump trucks and other equipment.

An option to traveling to the Tally Lake Campground and avoiding any road delays would be entering from the north via the Star Meadows Road off of Montana Highway 93 or Farm to Market Road.

Western Reclamation of Superior, Montana was awarded the project and anticipates to be completed by August 1.

For more information please visit www.fs.fed.us/r1/flathead or contact the Tally Lake Office at 758-5204.
