Siskiyou County Resource Advisory Committee to Meet October 18 at the Klamath National Forest Supervisor's Office

YREKA, CA,—The Siskiyou County Resource Advisory Committee (RAC) will meet on Monday, October 18, 2010 at the Klamath National Forest Supervisor's Office, 1312 Fairlane Road, Yreka. The meeting will convene at 4:00 p.m. and usually ends before 8:00 p.m. The public is invited to attend and make comments.

The only access to the RAC meeting will be through the back door of the Forest Service building, on Mill Street, where there is ample parking.

The RAC is federally sanctioned by the Secretary of the Department of Agriculture and was formed as a result of the Secure Rural Schools and Community Self-Determination Act of 2000. The RAC is a local advisory committee that recommends projects to federal land managers which will benefit resources on public lands. The fifteen member group represents a cross section of county communities, industries, schools, environmentalists, and local government.

The agenda includes project updates and financial status, public comment period, and review of new project proposals to be considered by the RAC. Submissions for project proposals are still being accepted. Applications received by the 1st of the month will be reviewed at that month's meeting. The next scheduled meeting for the Siskiyou County RAC is Monday, January 17, 2011 at the same place, after a recess this November and December.

For more information on the Siskiyou County RAC call Kerry Greene, Klamath National Forest at: (530) 841-4484.
