

FY 2006 Monitoring & Evaluation Report

TABLE OF CONTENTS

Forest Supervisor's Certification Executive Summary

	Page
Chapter I. Introduction.....	1
A. Purpose.....	1
B. Monitoring and Evaluation.....	1
C. Report Organization.....	2
Chapter II. Monitoring Findings and Recommendations.....	3
Issue A. Ecosystem Condition, Health and Sustainability.....	3
Sub-Issue 1. Biological Diversity.....	3
a. Vegetation Management.....	3
(1) Regeneration of Desired Tree Species.....	3
(2) Ten Year Age Class.....	5
(3) Prescribed Burning.....	7
b. Management Indicators.....	10
(1) Diversity of Plant and Animal Communities.....	10
(2) Habitat for Management Indicator Species (MIS).....	10
(3) Population Trends of Management Indicators.....	11
c. Threatened, Endangered and Sensitive Species.....	12
Sub-Issue 2. Forest and Range Health.....	12
a. Air Quality.....	12
(1) General Forest Air Quality.....	12
(2) Class I and Class II Lands Air Quality.....	13
b. Forest Pests.....	14
(1) Pine Beetles.....	14
(2) Non-Native Invasive Plants.....	15
Sub-Issue 3. Watershed Conditions.....	17
a. Soil and Water Conservation.....	17
b. Water Quality.....	20
c. Revegetation of Temporary Roads.....	20
Issue B. Sustainable Multiple Forest and Range Benefits.....	21
Sub-Issue 1. Outdoor Recreation Opportunities.....	21
a. Recreation Uses and Opportunities.....	21
b. Visual Quality Objectives.....	22
c. Off-Road Vehicle Use.....	22

	Page
Sub-Issue 2. Infrastructure	23
a. Road Construction, Reconstruction, and Maintenance.....	23
b. Facilities.....	26
c. Lands.....	26
(1) Property Boundary Maintenance.....	26
(2) Land Ownership Adjustments.....	28
(a) Acquired Right-of-Ways.....	28
(b) Land Exchanges, Acquisitions, Interchanges, and Donations.....	28
Sub-Issue 3. Human Influences.....	29
(1) Law Enforcement.....	29
(2) Land Use Authorizations.....	30
Sub-Issue 4. Roadless Areas, Wilderness and Wild and Scenic Rivers.....	31
Sub-Issue 5. Timber.....	32
a. Timber Sale Allowable Sale Quantity.....	32
b. Silvicultural Practices.....	33
c. Restocking Harvested Lands.....	33
d. Maximum Harvest Acres.....	34
e. Timber Harvesting on Land Not Classified as Suitable.....	35
f. Classification of Lands As Suitable for Timber Production.....	35
Sub-Issue 6. Forage.....	36
Sub-Issue 7. Other Products.....	37
Sub-Issue 8. Heritage Resources.....	39
Issue C. Organization Effectiveness.....	41
Sub-Issue 1. Economics.....	41
Sub-Issue 2. Evaluation New Information.....	42
a. Emerging Issues, Concerns and Opportunities.....	42
(1) NFGT Litigation.....	42
(2) National Forest System Litigation Affecting the NFGT.....	43
b. Changes in Resource Planning Act, Policies or Other Direction.....	43
c. Significant Changes in Conditions or Demands.....	44
(1) Hurricane Rita	44
(2) Tornado Damage on the Davy Crockett National Forest.....	48
(3) Fire Severity.....	51
d. Effects of National Forest Management to and from Private Lands.....	52
(1) Wildland-Urban Interface.....	52
(2) Payments to Counties.....	53

Chapter III. Evaluation of Outcomes on the Land	55
Chapter IV. FY 2006 Action Plan	66
A. Actions Not Requiring Forest Plan Amendment or Revision.....	66
B. Actions That May Require Amendment or Revision of the Plan.....	66
C. Actions Not Requiring Forest Plan Amendment or Revision (05).....	67
D. Actions That May Require Amendment or Revision of the Plan (05).....	67

Appendices

A. Management Indicators

B. Threatened and Endangered Species

C. National Forest Management Act (NFMA) Checklist

D. Updated Research Information

E. Names and Positions of Preparers

F. Summary of Field Reviews and Other Actions

G. 25% Payments to States - County Allocations Based on NF Acreage

H. Comment Form
