Wolf Pen Gap Trail Complex

SEASONS: Designated routes will be open seasonally from the first Friday of March each year, through Oct. 31. Two holiday periods will open the trail system to OHV use: from three days prior to Thanksgiving through two days after Thanksgiving, and from Dec. 22 through Jan. 2.

Monitoring will be an important factor in protecting natural resources. Monitoring will help determine if the amount of rainfall is enough to result in damage to the maintained trails, or increased sedimentation in nearby tributaries. If so, a temporary closure of the trails, generally short-term, will occur.

In addition to changes made to road and trail designations, a number of other actions will occur within the next 5 years, including improvement of stream crossings, a foot trail to Hawk’s Gap overlook, and obliteration and relocation of the “warm-up” trail at the West Trailhead parking lot.

TRAIL HIGHLIGHTS: Featuring high mountain vistas, the trail leads the rider through an array of areas, including scenic Gap Creek and Board Camp Creek.

The trail continues through a forest of large pines and hardwoods before passing the unique 2-footed oak tree and an abandoned mine shaft.

The trail loops are connected to accommodate riders who want to vary the length of their trips.
