

Southwestern Region Fire Hire Outreach Notice—Fire Positions November 2010

The Southwestern Region is looking for a committed, hard working, highly skilled workforce to suppress wildfires and work in fuels management on 11 national forests located in Arizona and New Mexico. The fire and aviation management program is very rewarding and requires talented people working safely as part of a team in a variety of specialized positions; including dispatch, engine crews, fuels management, hand crews, helitack, interagency hotshot crews, and prevention.

The Fire Hire program is being implemented to streamline the hiring process for permanent fire positions and provide consistent hiring around the Region. This hiring process assists the national forests in the Southwestern Region to fill vacancies in a more efficient and timely manner. The unique feature of this process is the ability to immediately backfill positions that have been vacated

Included is the outreach for GS-0462-04 through 09 current permanent fire and fuels positions covered by the Open Continuous Rosters (OCRs). Apply to vacant announcements via the AVUE Digital Services system at <https://www.avuedigitalservices.com> on or before January 3, 2011.

It is important that applicants understand, although a current location may not be vacant, it could become vacant and filled during the selection period. Interested individuals should apply to all positions and locations where you would accept a job offer, whether the position(s) are currently vacant or not.

Please respond to the outreach if you are interested in filling either a vacant position or one that may become vacant through the Fire Hire process. Your response is important. Please address your outreach response to the contact listed for each location. Additional information about the position is available from the direct supervisor

The Process and Timeline

November 3, 2010—Outreach begins. Information is available on the Southwestern Region's website listing all vacant permanent fire vacancies and locations from the GS-0462-04 through 09 levels.

January 3, 2011—Application deadline. Apply through AVUE Digital Services. Applicants are encouraged to apply for multiple locations (**where they would accept a position if offered**), even if vacancies for certain locations are not listed as vacant, as vacancies may occur during the hiring process.

February 14-18, 2011—Application evaluation. Subject matter experts will evaluate applicants using a defined set of criteria.

February 21-25, 2011—Selections. Representatives from each forest will make recommendations for hiring. Applicants selected will be notified by a Forest Service representative by phone. Applicants not selected will be notified by e-mail.

March 28, 2011—First effective date (excluding drug testing, transfer of station, and less than Permanent Full Time appointments).

Note: Interagency Fire Program Management (IFPM) qualifications must be met prior to selection.
Forest Service – Fire Program Management (FS-FPM) qualifications must be met by October 1, 2013.

Additional information for applicants can be found at <http://www.fs.fed.us/r3/fam/fire-hire/index.shtml>.

Southwestern Region Fire Hire Outreach Notice Reply

If you are interested in any of these positions, please complete the following information **by February 18, 2011** and send to the respective contacts and duty locations listed in the Southwestern Region Fire Hire Outreach.

Please respond to the outreach if you are interested in filling either a vacant position or one that may become vacant through the Fire Hire process. Your response is important in allowing supervisors to know who has applied to their positions and allows you the opportunity to learn more about the position prior to it being filled.
