¹ The 2001 Roadless Rule used inventoried roadless areas from forest plans that were in effect at the time the 2001 Rule was developed, or a roadless inventory that had undergone public involvement. The date of each forest's inventory used for the 2001 Rule is shown here. Acreages are from the 2001 Roadless Rule FEIS.

² This column includes acres for the James Peak and Spanish Peak Wildernesses and additions to the Indian Peaks Wilderness, and Bowen Gulch and James Peak Protection Areas, Roubideau and Tabeguache Special Areas, Fossil Ridge Recreation Management Area, and the Piedra Special Management Unit all designated by Congress but not excluded from the 2001 RACR inventory.

³ Acres not included are those identified as substantially altered, mapping errors, updated GIS technology, land exchanges, and ski area acres.

Ski area acres rounded to nearest 10 acres and total acres rounded to nearest 100 acres. Totals may not add due to rounding.

Ski areas on National Forest System lands in the State of Colorado that are not listed here do not contain roadless acres within their permit or allocation boundary.

¹ Acres allocated in forest plans to ski area management that adjoin currently operating ski areas but are not within the current permitted area.

² Expansion of Durango Mountain Resort is included within the San Juan’s forest plan revision, draft preferred alternative. There are 90 acres of roadless area to be excluded from the CRA inventory.
