

Not R2 Sensitive Species and Not of Concern

Recommendations and Evaluations

Common Name: Dickcissel

Scientific Name: *Spiza americana*

Recommendation: Not R2 SS and not of concern

Recommendation Rationale:

This species is abundant and global population trend appears to be stable. In R2, the dickcissel is fairly common except in Wyoming (S2B). Habitat is dense, moderate to tall grassland vegetation. There is no indication of a viability concern for this species, and few threats related to management of NFS lands.
