

## Not R2 Sensitive Species and Not of Concern

### Recommendations and Evaluations

**Common Name:** Snowy Plover

**Scientific Name:** *Charadrius alexandrinus*

**Recommendation:** Not R2 Sensitive Species and Not of Concern

### Recommendation Rationale:

Not known or suspected to breed on NFS in R2.

UPDATE (Peter McDonald, April 2015): Another check of the Rocky Mountain Region's NRIS database records including up-to-date records from the state natural heritage programs, continues to indicate no records of snowy plovers on National Forest System lands in the Rocky Mountain Region. The 2001 recommendation continues to apply.
