

Not R2 Sensitive Species and Not of Concern

Recommendations and Evaluations

Common Name: Ovenbird

Scientific Name: *Seiurus aurocapillus*

Recommendation: Not R2 SS and not of concern

Recommendation Rationale:

R2 is at the southwestern periphery of this species' range. Unlikely to regularly breed on NFS land in R2. Although no population trend data are available, its oak habitat appears to be relatively stable throughout most of R2. there is no indication of viability concern for this species.
