Combined Off Highway Vehicle Operations

OHV Report

for
February 24th 2011

Greetings to our friends from COHVOPS

We are in for some very cold weather on the high desert this week-end. If you plan on going out be sure that you are prepared for the conditions. A back pack with extra food, cloths, and water should be included as part of your riding gear. As always it is best to ride with a partner. Be safe.

The Sportsmen's Show is coming, March 10th, 11th, 12th, and 13th at the Deschutes County Expo Center in Redmond. Stop by the COHVOPS booth and say hi. We would like to meet you all. This will be a great time for those of you that are thinking about doing some volunteer work to get your questions answered as well.

Central Oregon Motorcycle and ATV Club, (COHMAC), will be there if you have any questions about their club. Oregon Parks and Recreation will have their trailer there to provide a fun activity for the kids.

See You On The Trails

Behind the Scenes

The grant applications that we talked about last week have been completed and sent in. The process will continue on April 11th when the grant committee meets. We will be in attendance and present our case as to why we need this funding for our projects. If all goes well we should know by the end of that week if we are going to receive the funding.

Hopefully we will be able to start the projects by this summer. When completed we will have:

- Cline Buttes : 56 miles of trail and 28 miles of share use roads
- Three Trails: 83 miles of trail and 80 miles of shared use road.
