

Lakewood – Laona Cross-country Ski Trails

March 24, 2011

14 – 16 inches of new snow on March 23.

We anticipated that the season was over, but with the new snow we will make an attempt to groom several of the trails on Friday, March 25. The amount of snow and warmer temperatures will make the grooming more difficult. We will try to update the offices during the day on Friday.

You may want to call either Lakewood (715)276-6333 or Laona (715)674-4481 prior to 4 PM to see if there is an update.

We plan on grooming Ed's Lake in the morning. If that goes OK, we will try to groom at least part of Jones Springs after Ed's Lake.

We will **not** be grooming McComb Lake.
