<b>Sensitive Species Recommendation</b> (Please check 1 box below)					
<input type="checkbox"/>	<b>R2 Sensitive Species (SS)</b>	<input checked="" type="checkbox"/>	<b>Not R2 SS, but should be considered for other Emphasis Species Lists</b>		
<input type="checkbox"/>	<b>Not R2 SS and Not of Concern Now</b>		<b>Insufficient Information Available to make a recommendation</b>		
<b>Recommendation Rationale</b>					
<p>Widespread across northern North American and northern Asia. Occurs in patchy habitats in alpine areas, cliff faces, and talus slopes. More populations than reported probably exist. Emphasis status is appropriate</p>
