Sensitive Species Recommendation (Please check 1 box below)					
<input type="checkbox"/> R2 Sensitive Species (SS)		<input checked="" type="checkbox"/> Not R2 SS, but should be considered for other Emphasis Species Lists			
<input type="checkbox"/> Not R2 SS and Not of Concern Now			<input type="checkbox"/> Insufficient Information Available to make a recommendation		
Recommendation Rationale					
<p>Distributed from Alaska and western Canada south to OR, NM, CO. Few occurrences in northern Black Hills and northwestern WY, no information on distribution and abundance in CO (SR). Habitat open to thinly forested rocky slopes, meadows and moist rock crevices. No significant threats to habitat were identified. Recommend emphasis species list due to limited abundance and distribution within R2.</p>					

Name/Title	Nancy Warren & Jeff Redders	Date	Oct. 2, 2002
