Sensitive Species Recommendation (Please check 1 box below)					
<input type="checkbox"/> R2 Sensitive Species (SS)		<input type="checkbox"/> Not R2 SS, but should be considered for other Emphasis Species Lists			
<input type="checkbox"/> Not R2 SS and Not of Concern Now		<input checked="" type="checkbox"/> Insufficient Information Available to make a recommendation			
Recommendation Rationale					
<p>This species appears to be endemic to the southern Rocky Mountains. There are only 3 occurrences from WY, two on the Medicine Bow NF, but no information on distribution or abundance in CO. Therefore we had insufficient information to assess its status.</p>					

Name/Title	Jeff Redders & Nancy Warren	Date	Oct. 2, 2002
