

How To Use Adobe Reader To Print Selected Areas Of Interest From Your MVUM (PDF) Map:

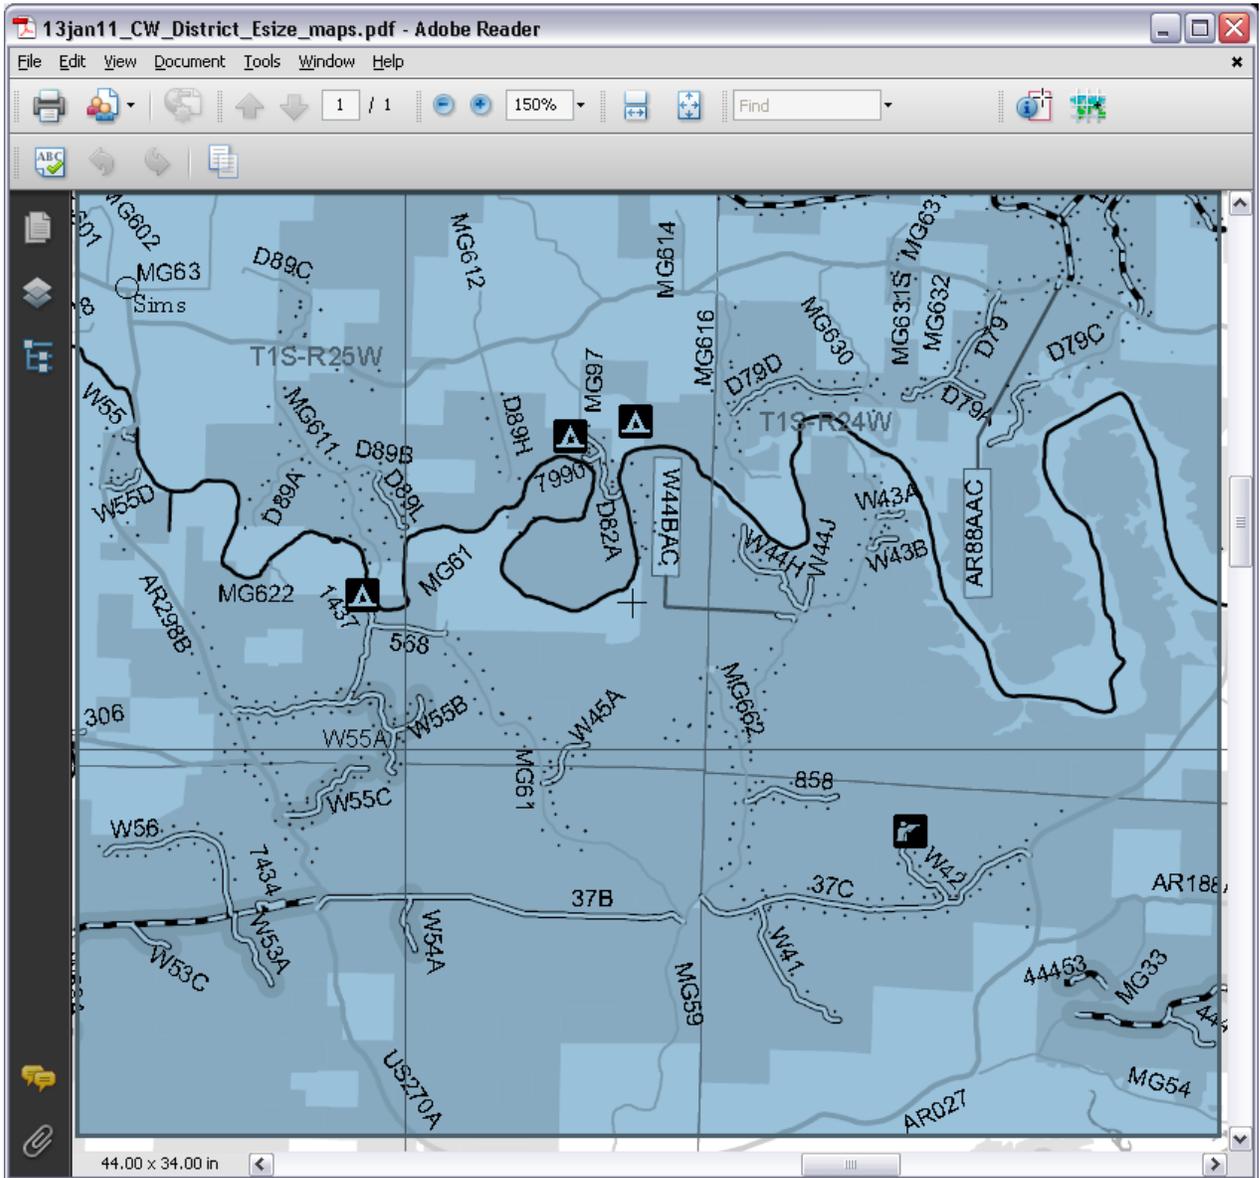

Here we have the ANSI E size Caddo-Womble District Map 34X44 inches (.pdf) document.

Go to the main menu and select **TOOLS / SELECT & ZOOM / MARQUEE ZOOM** then click and hold your left mouse button on the top-left corner of the area you're interested in and drag the mouse cursor to the lower-right corner of the area and release.

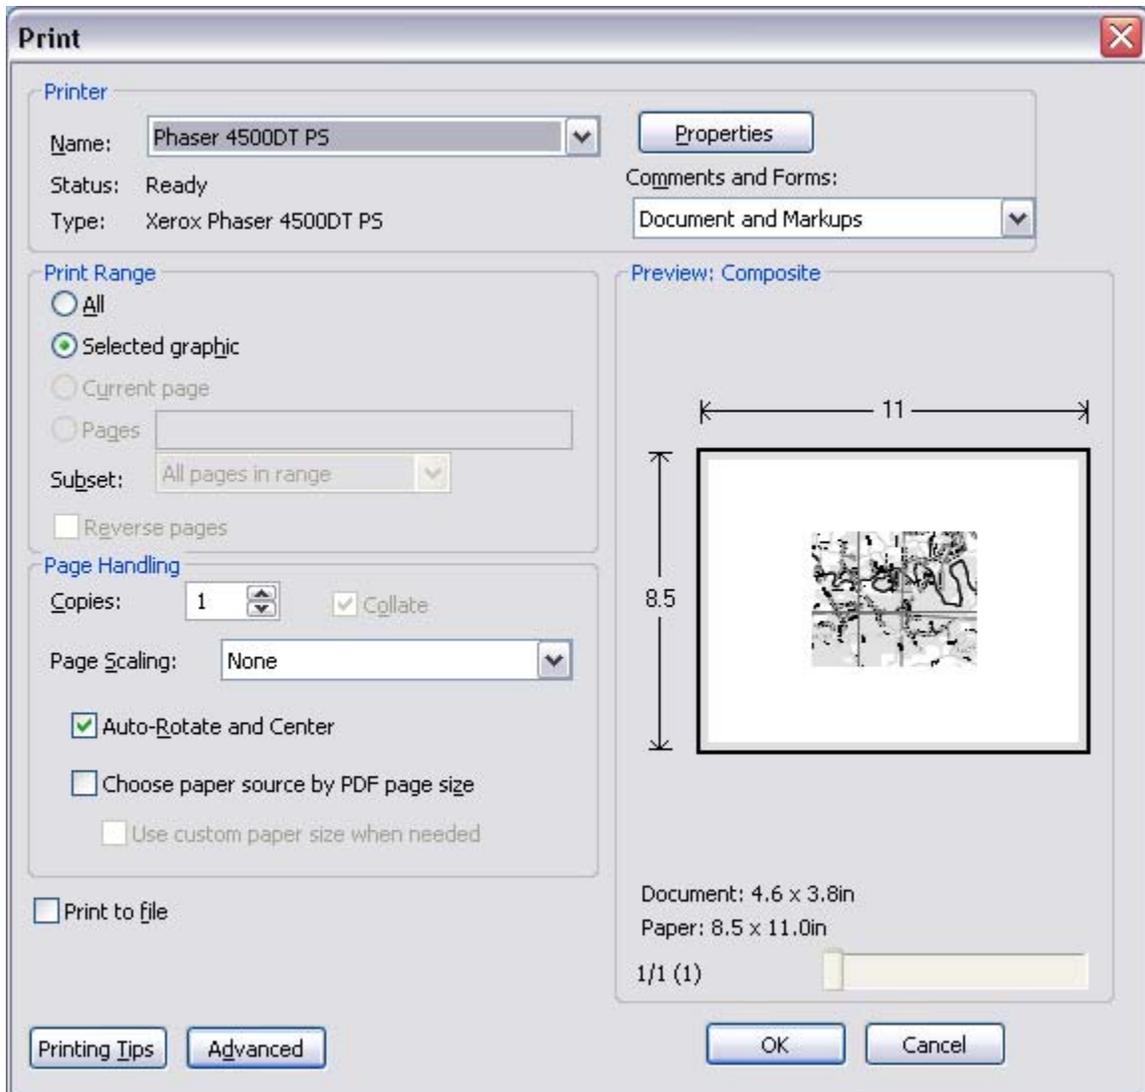

Here we have zoomed to our area of interest which we can print to page size by going to the main menu and selecting TOOLS / SNAPSHOT TOOL then click and hold your left mouse button on the top-left corner of the area you're interested in and drag the mouse cursor to the lower-right corner of the area and release.

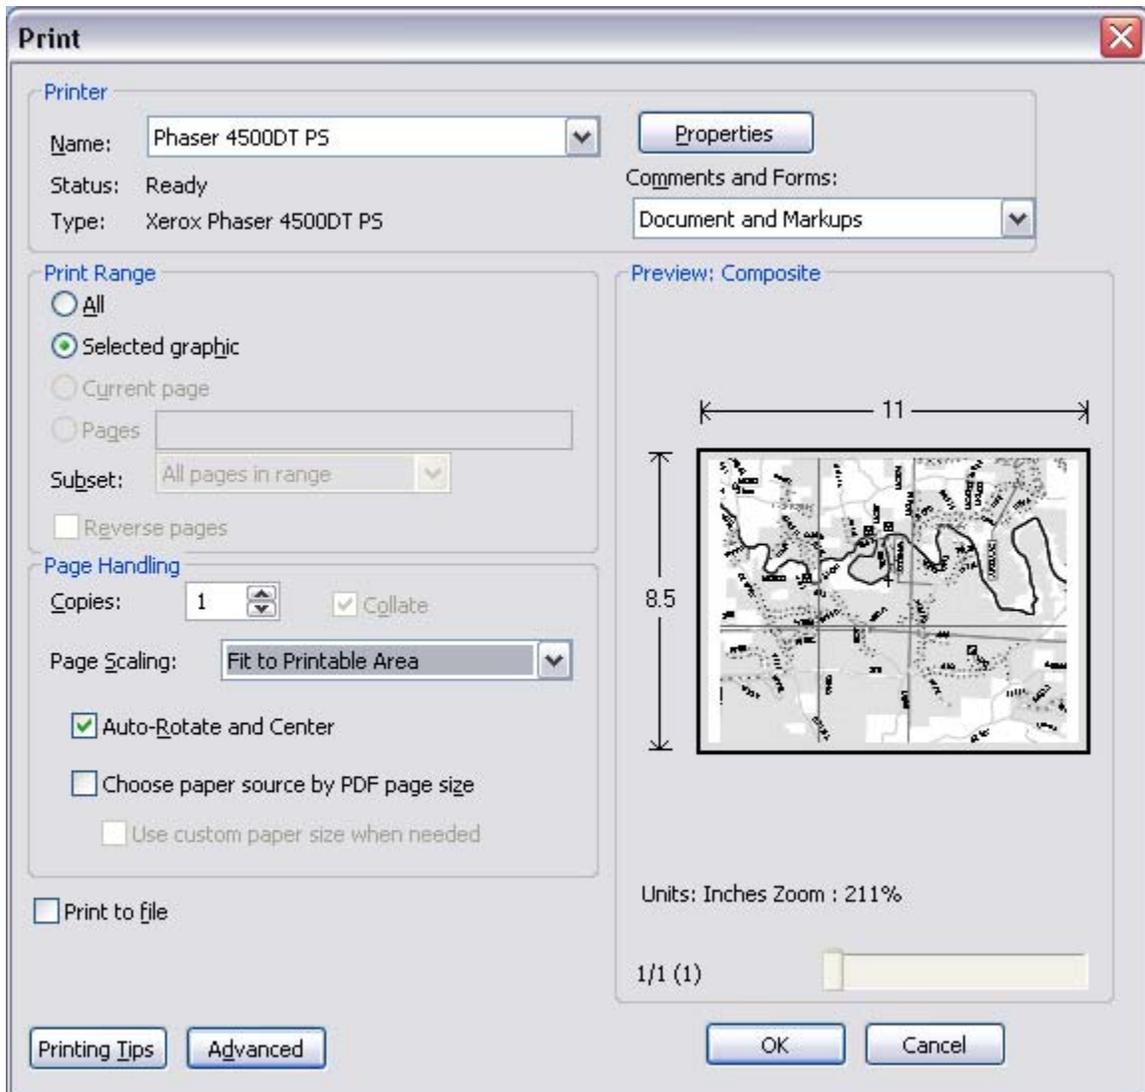

The selected area will be highlighted in blue and the following pop-up message will appear:

Then go to the main menu and select FILE / PRINT to bring up the print driver for your printer.

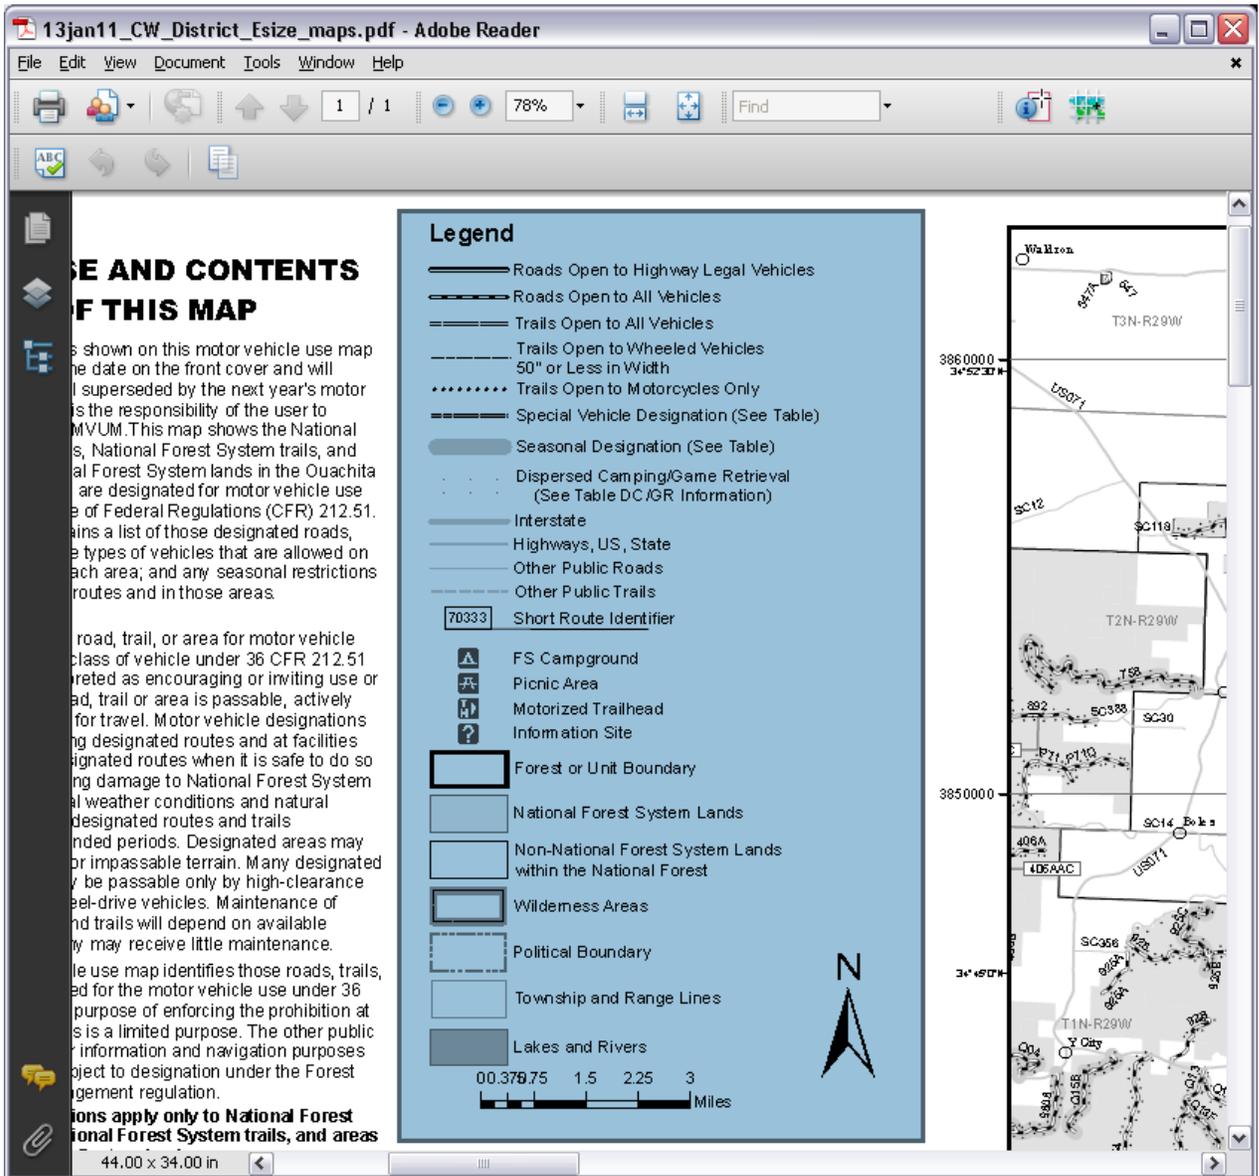

Here you can see that I've selected an area smaller than letter size when printed at the original MVUM map scale.

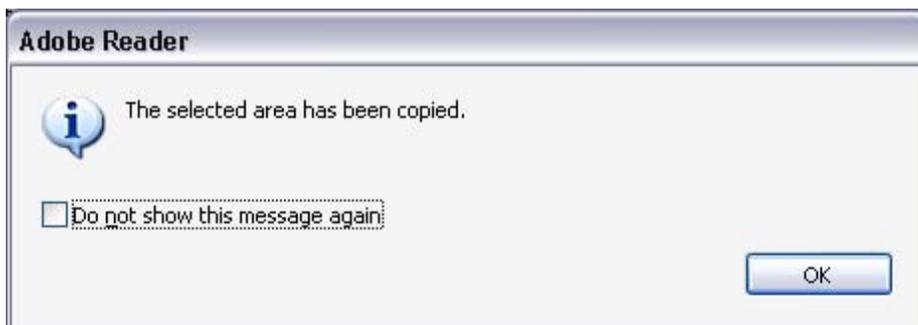

You can force the printer to fit the selected area to the letter size paper by selecting the PAGE SCALING: FIT TO PRINTABLE AREA. This will work for whatever area size you've selected; however if you select too large an area you will not be able to read the map text.

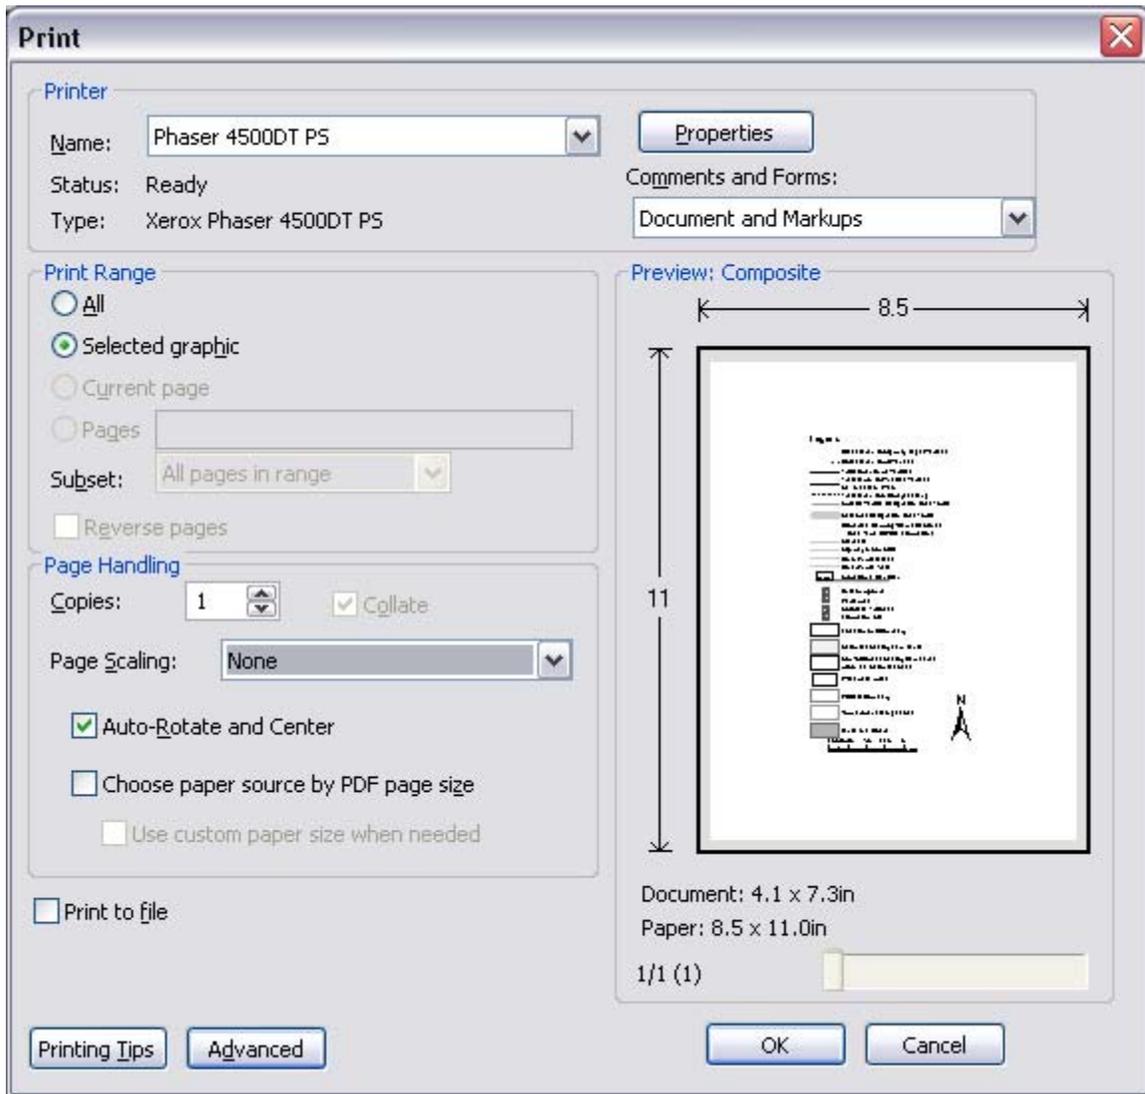

You'll want to repeat the process to print necessary map marginal information such as the Legend.

Go to the main menu and select **TOOLS / SELECT & ZOOM / MARQUEE ZOOM** then click and hold your left mouse button on the top-left corner of the area you're interested in and drag the mouse cursor to the lower-right corner of the area and release.

Here we have zoomed to our area of interest which we can print to page size by going to the main menu and selecting **TOOLS / SNAPSHOT TOOL** then click and hold your left mouse button on the top-left corner of the area you're interested in and drag the mouse cursor to the lower-right corner of the area and release.

Remember that you'll also need to print the three (.pdf) tables associated with each MVUM (.pdf) map: Big Game Retrieval Tables, Camp Short Road Tables, and the Seasonal and Special Designation Tables.

For the Caddo-Womble you would need: CW_BGR.pdf, CW_CSR.pdf and the CWSeasSpecial.pdf.
