This area will be open **Monday through Wednesday only** from **8:00a.m. to 4:00p.m.** You must have a valid **firewood permit, tags, restriction illustration sheet** and the **weekly update** in your possession to enter the campground on May 23rd, 24th and 25th. **Supply is very limited.** The gate will be closed and locked promptly at 4:00p.m. Be sure to have your area cleaned up and be ready to leave no later than 4:00. This area consists of recently felled hazard trees in the campground. Species mix is mainly hemlock, Douglas-fir and big leaf maple. The average diameter of “downed material” in the campground is approximately 26 inches. The Clackamas River Ranger District strongly recommends bringing the appropriate tools to cut and gather firewood here. You may cut any recently “downed” material as restricted by the **restriction illustration sheet**. The **restriction illustration sheet** is very important it explains how to interpret the orange paint. Be sure to clean up your area by piling limbs away from the immediate campsites and parking areas. A wheelbarrow is helpful to bring.

After 4pm on Wednesday May 25th, Indian Henry Campground will be closed and will not re-open for firewood.

There are no other designated firewood areas available at this time. Westside Special Requests for firewood are being accepted at this time.
