### Setting Indicators

**Key indicators**

<table>
<thead>
<tr>
<th>Physical</th>
<th>Managerial</th>
<th>Social</th>
</tr>
</thead>
<tbody>
<tr>
<td>b. Size</td>
<td>b. Separation of Use</td>
<td>b. Rare - heard &lt;10% of time during peak hours.</td>
</tr>
<tr>
<td>c. Evidence of human development</td>
<td>c. Visitor Services</td>
<td>c. Infrequent encounters with groups of 3 or less.</td>
</tr>
<tr>
<td>d. Trails/Facilities</td>
<td>d. Outfitter-guides</td>
<td>d. No more than 10% of visitors are dissatisfied with their experience in due to crowding or behavior of other visitors.</td>
</tr>
<tr>
<td>e. Parking</td>
<td>e. Law enforcement</td>
<td>e. Opportunities for social interaction and family bonding prevalence (Motorized Social &amp; Non-motorized Social).</td>
</tr>
<tr>
<td>f. Availability of untracked snow</td>
<td>f. Safety</td>
<td>f. Visitor Satisfaction Availability of parking</td>
</tr>
</tbody>
</table>

### Semi-primitive Non-motorized (10%)

**Visitor Satisfaction Availability of untracked snow**

#### Visitor Satisfaction

**Physical**

- a. Typically >1/2 mile from any road or motorized trail.
- b. Typically >5,000 acres.
- c. None.
- d. None.
- e. None.
- f. N/A

#### Managerial**

- a. No.
- b. None.
- c. None.
- d. Limited guided opp to protect resource and social values.
- e. Very Limited – use restrictions and enforcement presence enhance resource and social values.
- f. Visitors must rely on advanced knowledge of winter recreation hazards and self-rescue skills.

#### Social

- a. Opportunities for challenge, self-reliance and solitude (Alpine Solitude).
- b. Rare - heard <10% of time during peak hours.
- c. Infrequent encounters with groups of 3 or less.
- d. No more than 10% of visitors are dissatisfied with their experience in due to crowding or behavior of other visitors.

#### Semi-primitive Motorized (29%)

**Visitor Satisfaction Availability of untracked snow**

#### Visitor Satisfaction

**Physical**

- a. Typically >1/2 mile from any road or motorized trail.
- b. Typically >5,000 acres.
- c. None.
- d. None.
- e. None.
- f. Excellent. Untracked snow is available to 90% of users (up to a week after the last significant snowfall).

**Managerial**

- a. Yes.
- b. Yes.
- c. Basic maps and information.
- d. Guided opp to provide access to non-motorized areas and enhance resource and social values.
- e. Use restrictions and enforcement presence common at boundary signs.
- f. High degree of self-reliance. Rescue is limited.

**Social**

- a. Opportunities for challenge, self-reliance and solitude (Backcountry & Alpine Challenge).
- b. Infrequent - heard 10-25% of time during peak hours.
- c. Infrequent encounters with groups of 5 or more.
- d. No more than 10% of visitors are dissatisfied with their experience in due to crowding or behavior of other visitors.

#### Semi-primitive Motorized (29%)

**Visitor Satisfaction Availability of parking**

#### Visitor Satisfaction

**Physical**

- a. Adjacent to secondary access roads.
- b. Typically >5,000 acres, but exceptions may occur.
- c. None.
- d. None.
- e. Very Limited – use restrictions and enforcement presence common at boundary signs.
- f. Excellent. Untracked snow is available to 90% of users (up to a week after the last significant snowfall).

**Managerial**

- a. Yes.
- b. Yes.
- c. Basic maps and information.
- d. Guided opp to provide access to non-motorized areas and enhance resource and social values.
- e. Use restrictions and enforcement presence common at boundary signs.
- f. High degree of self-reliance. Rescue is limited.

**Social**

- b. Infrequent - heard 10-25% of time during peak hours.
- c. Infrequent encounters with groups of 6 or less.
- d. No more than 10% of visitors are dissatisfied with their experience in due to crowding or behavior of other visitors.

#### Roaded Natural (37%)

**Visitor Satisfaction Availability of parking**

#### Visitor Satisfaction

**Physical**

- a. Adjacent to secondary access roads.
- b. Typically >40 acres, but exceptions may occur.
- c. None.
- d. None.
- e. None.
- f. Excellent. Untracked snow is available to 90% of users (up to a week after the last significant snowfall).

**Managerial**

- a. Yes.
- b. Yes.
- c. Basic maps and information.
- d. Guided opp to provide access to non-motorized areas and enhance resource and social values.
- e. Use restrictions and enforcement presence common at boundary signs.
- f. High degree of self-reliance. Rescue is limited.

**Social**

- a. Opportunities for social interaction and family bonding prevalence (Family & Friend Social).
- b. Regular – heard 25-50% of time during peak hours.
- c. Regular encounters with groups of 6 or less.
- d. No more than 10% of visitors are dissatisfied with their experience in due to crowding or behavior of other visitors.

#### Non-motorized Social (8.8%)

**Visitor Satisfaction Ability to recreate out of sight and sound of motorized use**

#### Visitor Satisfaction

**Physical**

- a. Adjacent to secondary access roads.
- b. Typically >40 acres, but exceptions may occur.
- c. None.
- d. None.
- e. None.
- f. Excellent. Untracked snow is available to 90% of users (up to a week after the last significant snowfall).

**Managerial**

- a. Yes.
- b. Yes.
- c. Information materials describe recreation opportunities.
- d. Guided opp focus on skill development for beginners.
- e. Rules clearly posted at facilities and access points.
- f. High feeling of safety.

**Social**

- a. Opportunities for social interaction and family bonding prevalence (Motorized Social & Non-motorized Social).
- b. Regular – Sounds of people heard 25-50% of time during peak hours.
- c. Regular encounters with groups of 6 or less.
- d. No more than 10% of visitors are dissatisfied with their experience in due to crowding or behavior of other visitors.

### Motorized Social (11%)

**Visitor Satisfaction Availability of parking**

#### Visitor Satisfaction

**Physical**

- a. Adjacent to secondary access roads.
- b. Typically >40 acres, but exceptions may occur.
- c. None.
- d. None.
- e. None.
- f. Excellent. Untracked snow is available to 90% of users (up to a week after the last significant snowfall).

**Managerial**

- a. Yes.
- b. Yes.
- c. Personnel provide visitor information.
- d. Guided opp focus on skill development for beginners.
- e. Rules clearly posted at facilities and access points.
- f. Moderate-high feeling of safety.

**Social**

- a. Opportunities for social interaction and family bonding prevalence (Motorized Social & Non-motorized Social).
- b. Regular – Sounds of people heard 25-50% of time during peak hours.
- c. Regular encounters with groups of 6 or less.
- d. No more than 10% of visitors are dissatisfied with their experience in due to crowding or behavior of other visitors.
