

Maps of the Salmon-Challis National Forest

There are two maps needed to cover the Salmon-Challis National Forest (revised 2006). There is a map for the Salmon Forest and one for the Challis Forest.

There are two maps for the Frank Church – River of No Return Wilderness; a North half and a South half (both from 1984).

There are two Wild & Scenic Rivers on the Salmon-Challis NF, and each has its own river map and guide; the Salmon River (aka “the Main Salmon” – revised in 2005), and the Middle Fork of the Salmon (2006). There is also a geology map available for the Middle Fork of the Salmon River (1995).
