## BLANKET STATEMENTS FOR TRAVEL MANAGEMENT.

- In areas along designated motor vehicle routes where general dispersed camping with motor vehicles is not allowed, a small number of designated dispersed campsites have been marked on-the-ground. In these designated dispersed camp sites, the access road to the site and the site itself are only open to motor vehicles during the same season of use indicated for the adjacent road or trail.
- There are numerous short designated motor vehicle routes around the forest that are sometimes too small to display. These routes are signed on the ground with route numbers. If they are too small to display on the MVUM, they are not referenced on the route table. The seasonal restriction for the short spurs are the same as its adjacent primary access route.
- On the Gallatin National Forest, designated motorized TRAILS open to wheeled vehicles less than 50" in width, are ONLY open to ATVs and MOTORCYCLES that meet the following criteria:

ATVs are defined as: A type of off-highway vehicle that travels on three or more low pressure TIRES; has handle-bar steering; are 50 INCHES OR LESS in width; and has a seat designed to be straddled by the operator. Off highway vehicles with "side by side" seating are ONLY allowed on designated Forest roads if they are street legal as defined by Montana State Law.

Motorcycles are defined as: a motorized vehicle, 50 inches or less in width, with two wheels in-line with the direction of travel.
