

**AOI amendment #1**

**Bighorn Allotment**

Grazing permittee Darrell Allred (Bighorn Allotment) called me on 04/25/2011 and told me that he had removed all cattle (~50 head) on 04/23/2011 from the allotment due to dry conditions and lack of water.

Darrell did not request a refund at this time, but was informing us to document in our records and so that we could apply a credit next grazing year.
