

Mule Creek/Pine Cienega AOI Amendment #1

Jerry Collings, permittee on Mule Creek and Pine Cienega Allotments, called me on 4/11/2011 and we discussed and agreed to the following changes to his AOIs:

He is going to move 50 head from the Mule Creek Allotment to the Pine Cienega Allotment and put them in the Big Pasture. The reason for the change is lack of water on Mule Creek Allotment and availability of water in the Big Pasture at this time.
