

AOI amendment #1

Sacaton Allotment

Grazing permittee Pat Judd (Manager Sacaton Allotment) called me on 05/03/2011 and told me that she had removed 60 head on 05/03/2011 from the allotment due to dry conditions and lack of water.

Pat did not request a refund at this time, but was informing us to document in our records and so that we could apply a credit next grazing year.
