Modoc National Forest

Alternative 5, as Amended

Travel Management FEIS

10/28/2009

Alternative 5 responds to the issue of access and motorized recreation opportunity. This alternative prohibits cross-country travel and incorporates suggestions the MDF received during scoping of the Proposed Action requesting expansion of all-vehicle use roads on the National Forest Transportation System (NFTS) that would better provide access and motorized recreation opportunity while protecting other resources. Alternative 5 incorporates many of those suggestions.

-- Prohibit cross-country motorized travel
-- Add 330 miles of unauthorized (1,134 routes)
-- Close 312 miles (213 routes) of NFTS road seasonally
-- Change vehicle class on 513 miles (192 routes) of level 3 roads to allow for mixed use
-- Close 46B29HB to public use
-- Prohibit non-highway legal vehicle use on 1.45 miles of 44N08 and 44N01 (Glass Mountain Pumice Road)
