Road Report

Klamath National Forest

Greyback 48 Road: Open

Kelly Lake 18N30: Open

Poker Flat 18N30: Open

Mt Ashland

Road 22: Open and snow free the entire distance

Road 20 at Long John Saddle (20/22): Snow free ½ mile to the east and 3 miles to the west, then big drifts

Road 20 at Mt Ashland: You can now drive to Grouse Gap Shelter, however Road 20 is blocked by snow about 1/2 mile to the west of Grouse Gap. It will be at least Aug 1 before the biggest drifts melt out at Willamette Meridian and below Dutchman Peak between Jackson Gap and the 20-805 spur.

2080: Open, but some snow remains.

Pacific Crest Trail: Snow is melting fast, patches of snow, especially on north-facing slopes should be expected. Trail between Mt Ashland Access Road and Grouse Gap is almost entirely snow free.
