Sensitive Species Recommendation (Please check 1 box below)						
<input type="checkbox"/> R2 Sensitive Species (SS)		<input type="checkbox"/> Not R2 SS, but should be considered for other Emphasis Species Lists				
<input type="checkbox"/> Not R2 SS and Not of Concern Now		<input checked="" type="checkbox"/> Insufficient Information Available to make a recommendation				
Recommendation Rationale						
<p>This species appears to have a limited distribution in CA, ID, NV, OR, UT, CO and WY. It is considered rare in R2. It is founding ponderosa pine, aspen, and mountain brush communities. There is insufficient information on habitat trends or threats to assess its status and risks to viability.</p>						

Name/Title	Nancy Warren & Jeff Redders	Date	Oct. 4, 2002
