tadpole in fresh
water splashpool

This was a joint effort by the Forest Service rangers and volunteers at Cape Perpetua Visitor Center. The pictures were taken at Cape Perpetua by *Tom Bright, Carol Daviscourt, and Rex & Peg Lavoie*. Animal identifications were by *Tom Bright, Reba Eggert and Kyle Eggert*.

Please leave plants and animals just as you found them. State and Federal parks, refuges and Scenic Areas are nature preserves, where all living things are protected for others to enjoy.
