Sensitive Species Recommendation (Please check 1 box below)					
<input type="checkbox"/> R2 Sensitive Species (SS)		<input checked="" type="checkbox"/> Not R2 SS, but should be considered for other Emphasis Species Lists			
<input type="checkbox"/> Not R2 SS and Not of Concern Now		<input type="checkbox"/> Insufficient Information Available to make a recommendation			
Recommendation Rationale					
<p>-widespread distribution in North America as well as Greenland, Euarasia, South America, New Zealand, Australia</p> <p>-38 occurrences in CO, 13 in WY; SD has one historic occurrence</p> <p>-its found in a wide range of habitats</p> <p>-threats not extremely high due to being found in mid to high elevation areas</p> <p>-associated with some degree of disturbance</p> <p>Conclusion: species doesn't warrant sensitive status but should be considered by Forests for other emphasis species lists</p>
