

UMPQUA REVIEW

NATIONAL FOREST

QUARTERLY SCHEDULE OF PROPOSED ACTIONS

JULY 2008

With this Schedule of Proposed Actions, you'll find information that covers environmental analyses in progress on the Umpqua National Forest. This publication is our way of keeping you informed and involved in our plans and progress. We focus these activities on protecting, conserving, using, and restoring forest ecosystems. Each activity lists a contact person if you want additional information or to share ideas.

The National Environmental Policy Act (NEPA) guides us in making informed decisions regarding the environment. Through NEPA, we complete environmental analyses so the public and responsible official for each project are aware of the effects on the environment. The objective of NEPA is to make better decisions and document those decisions. The process is dynamic and flexible. If new information is discovered, we will update the information in this quarterly report.

We hope this publication meets your needs. To further improve our delivery of information, the Forest Service will automatically post SOPAs to the World Wide Web (WWW) for all National Forests four times a year: January, April, July, and October. This will increase the availability and timeliness of information. Since many people seem to prefer obtaining information from the web, we are optimistic that this will also reduce administrative costs associated with copying and mailing the SOPAs, as well as the amount of paper used. You can find the Forest Service's SOPAs at <http://www.fs.fed.us/sopa>. You may also find the SOPA, maps, and cover letter on our Forest website, at <http://www.fs.fed.us/r6/umpqua>.

Sincerely,

Clifford J. Dils
Forest Supervisor

RELEASE OF NAMES – FREEDOM OF INFORMATION ACT

Please Note: The Office of General Council in the Department of Agriculture determined that the names and addresses of persons who respond to solicitations for comments for Forest Service projects are subject to the Freedom of Information Act and subject to public review. Comments received in response to the actions in this publication, including names and addresses of those who comment, will be considered part of the public record on the proposed action and will be available for public inspection. Comments received anonymously will be accepted and considered; however, those who submit anonymous comments will not have standing to appeal the subsequent decision under 36 CFR part 215. Additionally, pursuant to 7 CFR 1.27(d), any person may request the agency to withhold a submission from the public record by showing how the Freedom of Information Act (FOIA) permits such confidentiality. Persons requesting such confidentiality should be aware that, under FOIA, confidentiality may be granted only in very limited circumstances, such as to protect trade secrets. The Forest Service will inform the requester of the agency's decision regarding the request for confidentiality, and where the request is denied, the agency will return the submission and notify the requester that the comments may be resubmitted with or without name and address within 15 days.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) Should contact USDA's TARGET Center at 202-720-2600 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 14th and Independence Avenue SW, Washington, DC 20250-9410 or call 202-720-5964 (voice or TDD).
