The shorter rides are geared toward beginner and intermediate riders. The long rides are geared toward hard intermediate and expert riders. Ride leaders will accompany each group. Maps/cue sheets will be provided and trails will be marked. Groups will assemble at 8:30 am both days near campsite # 12. Also, a Friday night ride will depart from the campground at 8:30 pm. Bring your lighting system and join the fun.

For those participants who are new to off road cycling, we will have an introductory ride on Saturday. This ride will cover a shorter distance over easy terrain. Guides will be along to assist with riding skills and with the distance and pace determined by the group.

Be prepared to ride in all types of conditions found on these trails--mud, single-track, sand, hills and logs/roots/limbs. Carry enough water and food to sustain you for the distance you plan to ride. Rider support (water/sag) will be provided at points along the trail Saturday only.

Rides are geared toward adult riders. Children and young adults are welcome, but must be physically capable and equipped to complete the ride distance. A parent or other responsible adult must accompany younger riders on the trails.
