

Trail Work Day

Volunteers Needed

Maintaining our trails is an on-going challenge. We have been very fortunate to have reaped the benefits of the countless hours of hard work of many volunteers in the past.

We know there are more of you who are willing and wanting to help. We are planning to organize volunteer workdays beginning in the next few weeks. The first step is to assemble a list of potential volunteers. If you are interested, please send your email address and phone number to rmmccoy@fs.fed.us, or call 864-638-9568. We will email the people on the list with details about planned maintenance days. We hope to have one work day per month during the cooler months of the year.
