George Washington Plan Revision
George Washington & Jefferson National Forests
5162 Valleypointe Parkway
Roanoke, VA 24019

Dear GWNF Plan Revision Members:

I have enclosed signed petitions collected by various private citizens, myself and others. The following are petitions (some regarding no natural gas horizontal drilling and or hydrofracking on private and or federal land and some regarding no natural gas horizontal drilling and or hydrofracking on just federal land) being sent to the GWNF to be included in their final GWNF Plan Revision comment period:

Petitions with 296 signatures requesting NO natural gas horizontal drilling and or hydrofracking on private and or federal land in Rockingham County, VA. If not feasible, requesting moratorium and carefully worded strict written restrictions and regulations.

Petitions with 17 signatures requesting NO natural gas horizontal drilling and or hydrofracking on private and or federal land in Rockingham County, VA. If not feasible, requesting moratorium and carefully worded strict written restrictions and regulations.

The following are petitions (some regarding no natural gas horizontal drilling and or hydrofracking on private and or federal land and some regarding no natural gas horizontal drilling and or hydrofracking on private and or federal land along with no wind energy sites on federal land) previously sent to the GWNF in November 2010 during that GWNF Plan Revision Draft comment period:

Petitions with 41 signatures requesting NO natural gas horizontal drilling and or hydrofracking along with NO related development allowed on private and or federal land in Rockingham County, VA. If not feasible, requesting moratorium and carefully worded strict written restrictions and regulations. (Petitions emailed from Susan Plank through Pam Simmons' email.)

Petitions with 50 signatures requesting NO natural gas horizontal drilling and or hydrofracking along with NO related development allowed on private and or federal land in Rockingham County, VA. If not feasible, requesting moratorium and carefully worded strict written restrictions and regulations. (Petitions emailed from Cassie Simmons through Pam Simmons' email.)

Petitions with 46 signatures requesting NO natural gas horizontal drilling and or hydrofracking along with NO related development allowed and NO wind energy sites on private and or federal land in Rockingham County, VA. If not feasible, requesting moratorium and carefully worded strict restrictions and regulations. (Petitions emailed from Susan Plank through Pam Simmons' email.)

Thank you for your time and attention in this matter.

Sincerely,

Susan Plank
