Fire Restrictions Rescinded on Thunder Basin National Grassland

(DOUGLAS, WY. - November 4, 2011) – Fire restrictions have been lifted on the Thunder Basin National Grassland by the Forest Service as of this last week. The restrictions had been in place since the end of September.

Recent moisture, as well as the long-range forecast for normal temperatures and precipitation prompted the removal of the fire restrictions.

The Douglas Ranger District would like to thank the public for complying with the restrictions while they were in place. No human-caused fires were reported during the restriction period.

For more information call the Douglas Ranger District at 307-358-4690 or visit <http://fs.usda.gov/mbr>.
