

General Conditions

The permittee is authorized to cut and remove firewood from the National Forest indicated on the reverse side by compliance with all conditions of this permit.

1. Only firewood marked or otherwise designated by the Forest Service may be cut and removed from the permit area. See Permit Information for method of designation.
 2. Load tickets provided must be attached to the back of the load and be clearly visible. An appropriate number of load tickets must be attached prior to driving the vehicle with any quantity of wood. The load tickets must be validated by completely removing the month and date of firewood removal.
 3. Permit must be kept with permittee at all times when cutting or transporting firewood. This permit may not be transferred or used by others, unless accompanied by form entitled "Performance By Authorized Representative". (Permittee must meet eligibility requirements to authorize another person to cut and transport their firewood).
 4. Concurrent with cutting firewood, unused material will be removed from roads and ditches and piled in openings and clearings, or as indicated in the Special Conditions.
 5. Road surfaces, ditches and shoulders must not be blocked or damaged.
 6. Smoking is not permitted, except in an area cleared to mineral soil.
 7. Payments for charge permits, including required deposits, are not subject to refund. The permit will expire on the date indicated regardless if firewood is removed.
 8. Members of Congress or resident Commissioner shall not be admitted to any share or part of this permit, or to any benefit that may arise therefrom, unless it is made with a corporation for its general benefit (18 USC 431, 433).
 9. The permittee and those accompanying him or her shall indemnify and hold the USDA Forest Service harmless from any claims, loss, cost, injury, expenses, attorneys' fees, damages, or liability caused by or arising out of the exercise of this permit.
