

# Practice Respect and Responsibility

*Public lands are an incredible treasure. The privilege of use carries the responsibility to share the trails. Please do your part to make every trail interaction a positive one. Our goal is a community where respectful behavior is the norm. A word of thanks for courteous behavior goes a long ways.*

## Dog Owners

- Scoop the poop. To do this, your dog must be in view at all times
- Ask before allowing your dog to approach other people or dogs.
- Your dog must be under voice control. This means your dog comes immediately upon command and stays by your side. Carry a leash if you have ANY doubt about control amidst distractions.
- Please bring no more than 2 dogs per group - leash the extras.

## Cyclists

- Cyclists must yield to other trail users. Downhill cyclists yield to uphill cyclists. When encountering horses, pull to the side of the trail and wait until they pass.
- Announce your presence around blind corners and when approaching someone from behind.
- The lower sections of the Cache Creek and Game Creek trails are SLOW zones. Expect to encounter others.

## Horse Riders

- Know your horse. Easily spooked or inexperienced horses should not be ridden on multi-use trails.
- Offer courteous passing instructions to others; don't assume others know what to do around horses.
- Reduce trail wear: Don't ride when trails are muddy

## Hikers / Runners

- Announce your presence when approaching from behind.
- Yield to uphill hikers and all horse riders. Talking to riders lets horses know you are not a threat.
- If you stop to visit or take a break, move to the side of the trail.
