***Success Ratio - 1 in:	18	17	11	26	25	25	6	6	3	45	47	27

*** In 2010 & 2011, the ratio was calculated based on the number of applications, listed here as 1st choices, regardless of which choice was successful. Prior to 2010, the ratio has been based upon the number of first choices for that river divided by the number of permits awarded for that river, as these lotteries had all 4 Rivers combined into one drawing.

In the 2011 lottery, the following table shows the number of people who applied for more than one river:

Applied to:	People:	Applications
4 Rivers:	447	1788
3 Rivers:	1199	3597
2 Rivers:	3358	6716
1 River:	8576	8576
Totals:	13580	20677

In the 2011 lottery, the following table shows the number of successful applicants and how many drew on more than one river:
