

Green Mountain National Forest *Schedule of Proposed Actions*

January 1 to March 31, 2012

ABOUT THIS SCHEDULE

The purpose of the Schedule of Proposed Actions (Schedule) is to provide a status report and short summary of project proposals that are undergoing, or will undergo, environmental analysis on the Green Mountain National Forest. Issued quarterly, this Schedule is intended to provide the public with informal notice of proposed activities. The publishing of this Schedule is required by Forest Service regulations for implementing the National Environmental Policy Act (NEPA).

An effort will be made to seek public input (called "scoping") on proposed projects based on specific response to this Schedule. Scoping may be in the form of letters, email requests or phone calls that will include more specific information in order for the public to provide meaningful feedback that may be incorporated into the environmental analysis process. When required, legal notices announcing project decisions will be published in the *Rutland Herald*, our newspaper of record. In addition, at the discretion of the Responsible Official, project decisions may be published as legal notices in the following newspapers:

<u>District</u>	<u>Newspaper(s)</u>
Manchester	Bennington Banner Manchester Journal Brattleboro Reformer
Rochester	Randolph Herald Burlington Free Press Valley Reporter
Middlebury	Addison County Independent

The Schedule lists projects by each Ranger District or Forest-wide. The Schedule includes the name, location, and a brief description of the proposal. Also included is the scoping date (which indicates when public participation began or will begin), decision date, and the expected implementation date. Analysis which

supports any decision is documented in either an Environmental Assessment (EA), or an Environmental Impact Statement (EIS). Proposals which have been "categorically excluded" from documentation in an EA or EIS are supported by project files, which may or may not include a Decision Memo. The analysis and decision documents are kept on file at the appropriate Ranger District or Supervisor's (Forest Headquarters) office depending on the location of the project, and is available for your review.

HOW YOU CAN BECOME INVOLVED

Your participation is important. Read through the list of proposed projects. If you want to provide site-specific comments on a project, get more information, or be placed on a project mailing list, either write or call using 1) the contacts listed at the end of the Schedule or; 2) the project contact included for the specific project of your interest. A generic statement of interest in all projects based on your review of this Schedule is not specific enough. It is only through site-specific input that we can be responsive to and incorporate your concerns into project development.

Walk in Requests: Requests from the public occasionally require that the environmental analysis be completed with a short turnaround time. This means that the analyses may be conducted and decisions made without prior listing in this Schedule. Efforts for public input for such requests will be conducted as applicable in accordance to regulations. An example of a walk-in request would be a short-term special use permit for a recreation event on the forest.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.
