

## EROSION CONTROL PLAN AND APPRAISAL

Forest: **Siuslaw**

District: **Central Coast**

Sale Name: **Haywire Thin**

CCF Volume: **2,052**

miles of temp.road: **0.14**

Work will be done by purchaser.

| WORK ITEM                        | Unit of Measure | Number of Units | Cost per Unit (\$) | Total (\$) |
|----------------------------------|-----------------|-----------------|--------------------|------------|
| (1) PERMANENT ROAD STABILIZATION |                 |                 |                    |            |
| a. Seed                          |                 |                 |                    |            |
| (2) TEMP. ROADS (put to bed)     |                 |                 |                    |            |
| a. Remove culverts/bridges       |                 |                 |                    |            |
| b. Outsloping                    |                 |                 |                    |            |
| c. Cross ditching                | each            | 7               | \$10.00            | \$70.00    |
| d. Scarifying                    |                 |                 |                    |            |
| e. Barriers                      | each            | 3               | \$150.00           | \$450.00   |
| f. Seed                          | acres           | 0.1             | \$545.45           | \$54.54    |
| (3) SKIDROADS & TRAILS           |                 |                 |                    |            |
| a. Remove culverts/bridges       |                 |                 |                    |            |
| b. Waterbars & cross drains      | each            | 0               |                    |            |
| c. Brush dams                    |                 |                 |                    |            |
| d. Seed                          | acres           | 0.8             | \$545.45           | \$436.36   |
| (4) FIRELINE STABILIZATION       |                 |                 |                    |            |
| a. waterbars & cross drains      | each            | 0               |                    |            |
| b. Seed                          | acres           | 0               |                    |            |
| (5) LANDING                      |                 |                 |                    |            |
| a. Drainage ditches              | each            | 34              | \$10.00            | \$340.00   |
| b. Scarifying                    |                 |                 |                    |            |
| c. Cut & fill stabilization      |                 |                 |                    |            |
| d. Seed                          | acres           | 0.9             | \$545.45           | \$490.90   |
| (6) DISTURBED MEADOWS            |                 |                 |                    |            |
| a. Land treatment                |                 |                 |                    |            |
| b. Seed                          |                 |                 |                    |            |
| (7) CHANNEL CLEARING             |                 |                 |                    |            |
| a. By hand                       |                 |                 |                    |            |
| b. By machine                    |                 |                 |                    |            |
| (8) MAINTAIN EROSION STRUCTURES  |                 |                 |                    |            |
| (9) OTHER (specify)              |                 |                 |                    |            |
| a.                               |                 |                 |                    |            |
| b.                               |                 |                 |                    |            |
| c.                               |                 |                 |                    |            |
| (10) TOTAL COSTS                 |                 |                 |                    | \$1,841.81 |
| (11) Cost per CCF for Appraisal  |                 |                 |                    | \$0.90     |
