

Fishlake National Forest

OUTREACH NOTICE

Student Career Experience Program (SCEP)

PLEASE RESPOND BY March 30, 2012

This position is located on the Beaver Ranger District of the Fishlake National Forest in Southern Utah. The purpose of the position is to serve as a professional student trainee in natural resources under a cooperative education agreement with a college or university.

The Student Career Experience Program (SCEP) provides work experience which is directly related to the student's academic program and career goals. Agencies can bring well educated graduates into their workforce while at the same time give their managers the ability to evaluate the student's performance in real work situations. Students, on the other hand, can avail themselves of such flexibilities as year round employment and flexible work schedules and assignments. Students in the SCEP gain exposure to public service while enhancing their educational goals and shaping their career choices. Students in the SCEP may be non-competitively converted to term, career or career-conditional appointments following completion of their academic and work experience requirements.

BREIF DESCRIPTION OF JOB DUTIES

This position is a developmental position and will be supervised by the District Recreation Staff Officer. This position will participate in and gain experience with developed and dispersed recreation, trails (motorized and non-motorized), and recreation special uses permit administration.

FISHLAKE NATIONAL FOREST

The Fishlake National Forest, first known as the Fish Lake Forest Reserve, was established by President William McKinley on February 10, 1899. The Forest rises as a green oasis above the junction of I-15 and I-70 in central Utah. The Forest spreads through nine counties with 1,540,572 gross acres. There are four ranger district locations at Fillmore, Loa, Beaver and Richfield. The mountains and plateaus that form the Fishlake invite you to enjoy the highly spectacular and widely varied scenery, and enjoy cool climatic relief from the hot desert valleys. The Forest provides 76 streams and 60 ponds and reservoirs for fishing.

The Fish Lake-Johnson Valley areas, near the east side of the Forest, receive 25 percent of the recreation use on the Forest. This is a 13,700 acre area with 3,000 acres of lakes and reservoirs, four campgrounds, seven picnic areas, one boating site, and three resorts. Several species of trout, splake, and large Mackinaw can be caught year-round. A full range of public services and facilities is available year-round from the three resorts.

The Tushar Mountains with loop roads, places for camping, snow skiing, fishing, hiking, sight-seeing, and dramatic landscapes also affords solitude along the Skyline National Recreation Trail on the southwest end of the Forest.

The Fishlake National Forest is the home of the Paiute ATV Recreation Trail, welcoming visitors from around the United States and many foreign countries. The local communities and the Forest host three ATV Jamborees during the summer season.

COMMUNITY

Beaver, UT was settled in 1856 by Mormon Pioneers, Beaver City is today home to an estimated 2,511 residents and roughly 500 more outside the city boundaries. Situated 200 miles south of Salt Lake City along Interstate 15, Beaver is the County Seat and the largest city in the county. Beaver is also the birthplace of two very famous individuals of the past, Philo T. Farnsworth, the inventor of television and Butch Cassidy, the notorious western outlaw. Some of the most beautiful scenery in the West can be found near this tranquil agricultural community and outdoor wonderland. The high alpine vistas of the Tushar Mountains, includes Delano Peak (seventh highest peak in Utah at 12,169 ft.), are to the East. Color Country, encompassing Bryce, Zion and the other National Parks lies just a few miles to the South. To the West, are the Mineral Mountains, a favorite of rock-hounders, and the Minersville Reservoir Recreation Area.
