Backcountry Campsites

Features

Backcountry campsites are the same style of campsites you may know from the Boundary Waters Canoe Area Wilderness, but since they are not in the BWCAW, fewer restrictions apply. These single sites outside of a campground have a firegrate, flat space for a tent, and wilderness latrine (an outhouse without the house), a group size limit of nine, but no permits or fees.

- Please use only the facilities that are provided for fires, tents, and waste. You are not allowed to make additional fire rings, tent pads, trenches, or catholes.
- Water, trail or road access to the campsites.
- 14 day limit at all Forest Service campsites.
- Locations of backcountry sites are available on the current Forest Map.

Reminders

Most of the recommendations for the BWCA Wilderness make sense for backcountry campsites as well.

- Hang food packs.
- Put fires out at night and each time you leave the campsite. Be aware of campfire restrictions.
- Treat or boil all water.
- Wash yourself and dishes at least 200 ft from the water’s edge.
- Clean fish far away from the campsite and bury the remains at least 200 ft from water. Do not throw fish remains in the water.
- Pack out all garbage.
- Use a Forest Map to locate campsites and accesses.

Leave No Trace Principles

1. Plan ahead and prepare.
2. Travel and camp on durable surfaces.
3. Dispose of waste properly.
4. Minimize use and impact of fires.
5. Respect wildlife.
7. Be considerate of other visitors.
