PURPOSE AND CONTENTS OF THIS MAP

The designations shown on this motor vehicle use map (MUVUM) were made by the responsible official pursuant to 36 CFR 212.51, are effective as of the date on the front cover of this MUVUM, and will remain in effect until superseded by next year's MUVUM.

David R. Mearns
Forest Supervisor, Beaverhead-Deerledge NF

It is the responsibility of the user to acquire the current MUVUM. This MUVUM shows the National Forest System roads, National Forest System trails, and the areas on National Forest System lands in the Madison Ranger District that are designated for motor vehicle use pursuant to 36 CFR 212.51. This MUVUM also identifies the vehicle classes allowed on each route and in each area; and any seasonal restrictions that apply on those routes and in those areas.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as encouraging or inviting use or implying that the road, trail, or area is passable, actively maintained, or safe for travel. Motor vehicle designations include parking along designated routes and at facilities associated with designated routes when it is safe to do so and when not causing damage to National Forest System resources. Seasonal weather conditions and natural events may render designated roads and trails impassable for extended periods. Designated areas may contain dangerous or impassable terrain. Many designated roads and trails may be passable only by high-clearance vehicles or four-wheel-drive vehicles. Maintenance of designated roads and trails will depend on available resources, and many may receive little maintenance.

This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 261.13. This is a limited purpose. The other public roads are shown for information and navigation purposes only and are not subject to designation under the Forest Service travel management regulation.

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

PROHIBITIONS

It is prohibited to possess or operate a motor vehicle on National Forest System lands on the Madison Ranger District other than in accordance with these designations (CFR 261.13).

Violators of 36 CFR 261.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months, or both (18 U.S.C. 3571(a)). This prohibition applies regardless of the presence or absence of signs.

This map does not display nonmotorized uses, over-snow uses, or other facilities and attractions on the Madison Ranger District. Obtain forest visitor information from the local national forest office.

Designated roads, trails and areas may also be subject to temporary emergency closures. As a visitor, you must comply with signs notifying you of such restrictions. A national forest may issue an order to close a road, trail or area on a temporary basis to protect the life, health, or safety of forest visitors or the natural or cultural resources in these areas. Such a temporary and/or emergency closure is consistent with the Travel Management Rule (36 CFR 212.52 (b), 36 CFR 261 subpart B).

The designation "road or trail open to all motor vehicles" does not supersede vehicle size or weight limits imposed through State traffic law.

EXPLANATION OF LEGEND ITEMS

Roads Open to Highway Legal Vehicles Only:
These roads are open only to motor vehicles licensed under State law for general operation on all public roads within the State.

Trails Open to All Vehicles:
These trails are open to all motor vehicles, including both highway legal and nonhighway legal vehicles.

Special Vehicle Designation:
This symbol indicates the trail is open to classes of vehicles other than those listed above. Refer to the Special Vehicle Designation statement below.

Trails Open to Motorcycles Only:
These trails are open only to motorcycles. Sidecars are not permitted.

Seasonal Designation:
This symbol, used in conjunction with one of the other road or trail symbols, indicates that the road or trail is open only during certain portions of the year. Refer to Seasonal and Special Designation Table for further instructions.

Other Public Roads and Trails:
Highways, U.S. State
Interstate
Highways, U.S. State
Other Public Roads

These symbols are used to show routes the Forest Service does not have jurisdiction over and has not designated for motorized use. These symbols are part of the reference layers showing connections to towns and cities outside the forest boundary.

Short Route Identifier:
70333
This symbol is used for roads that are too short to show a symbol type on the map. The symbol contains the number of the road or trail. Users should refer to the corresponding number in the Short Route Table for designation information.

Milepost Marker:
This symbol is used to display the beginning and ending mileposts of a road that has a change in the designation but not the symbology.

Trail Access:
This symbol indicates a trailhead for access to a Forest Service trail. Not all trails have trailheads and those that do may range from primitive to developed.

Dispersed Camping:
Motor vehicle use off of designated forest roads and/or trails for the purpose of dispersed camping is permitted on National Forest System lands for up to 300 feet from the centerline of the road and/or trail from the period (01/01 to 12/31).

Parking:
Motor vehicles may be parked within one vehicle length from the edge of the road surface when it is safe to do so without causing damage to NFS resources or facilities, unless prohibited by state law, a traffic sign, or an order (36 CFR 261.54).

Game retrieval:
Motor vehicle use off of designated forest roads and trails for the purpose of game retrieval is permitted on National Forest System lands for up to 15 feet from the centerline of the road or trail.

Special Vehicle Designation
ATV (All Terrain Vehicle): Motor vehicle less than or equal to 50" in width with three or more low-pressure tires, handle-bar steering and a seat designed to be straddled by the operator.
Motorcycle: Motorized trail vehicle with two wheels inline, not side by side.
