

# Butterball Lake

SUPERIOR NATIONAL FOREST

LAURENTIAN RANGER DISTRICT

AURORA, MINNESOTA

## Location

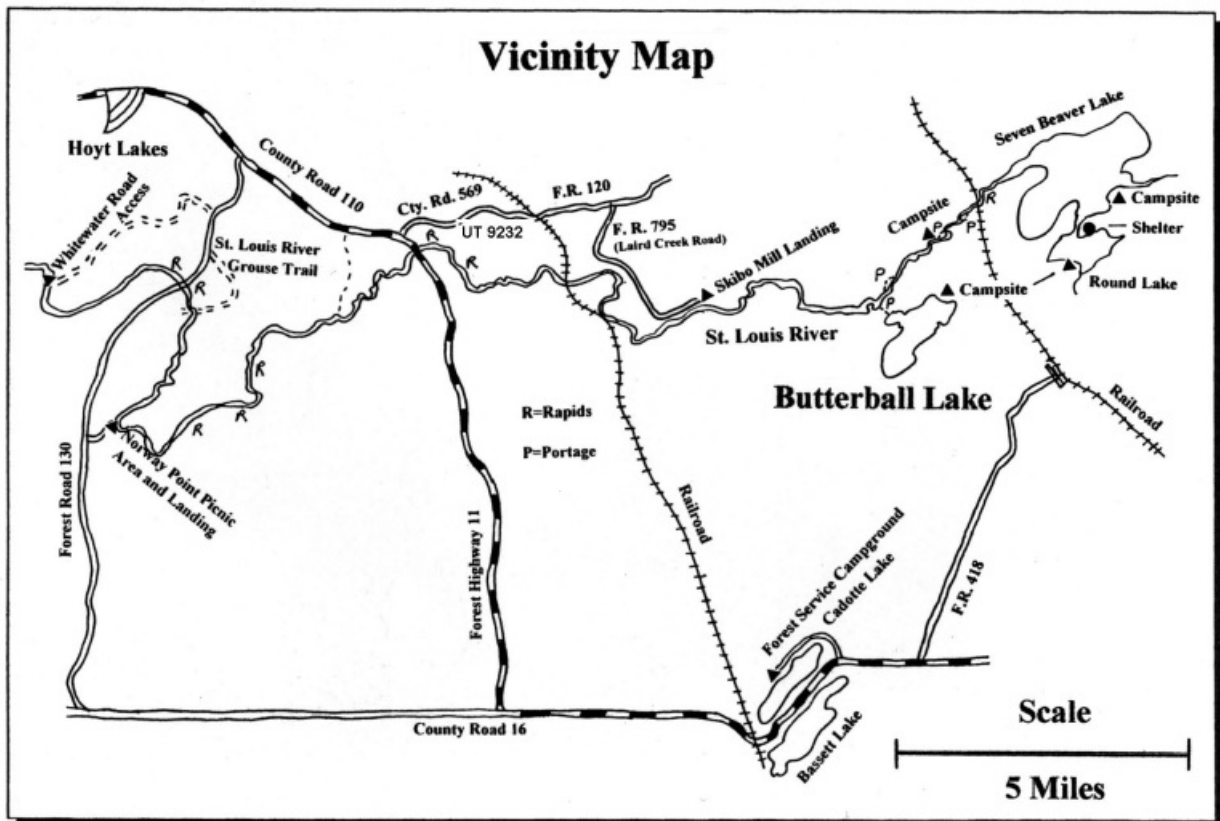

Butterball Lake (formerly known as Long Lake) is located approximately 14 miles southeast of Hoyt Lakes.

● Take County Road 110 (Forest Highway 11) east of Hoyt Lakes for 4 ½ miles to the Skibo Road UT 9232 (County 569).

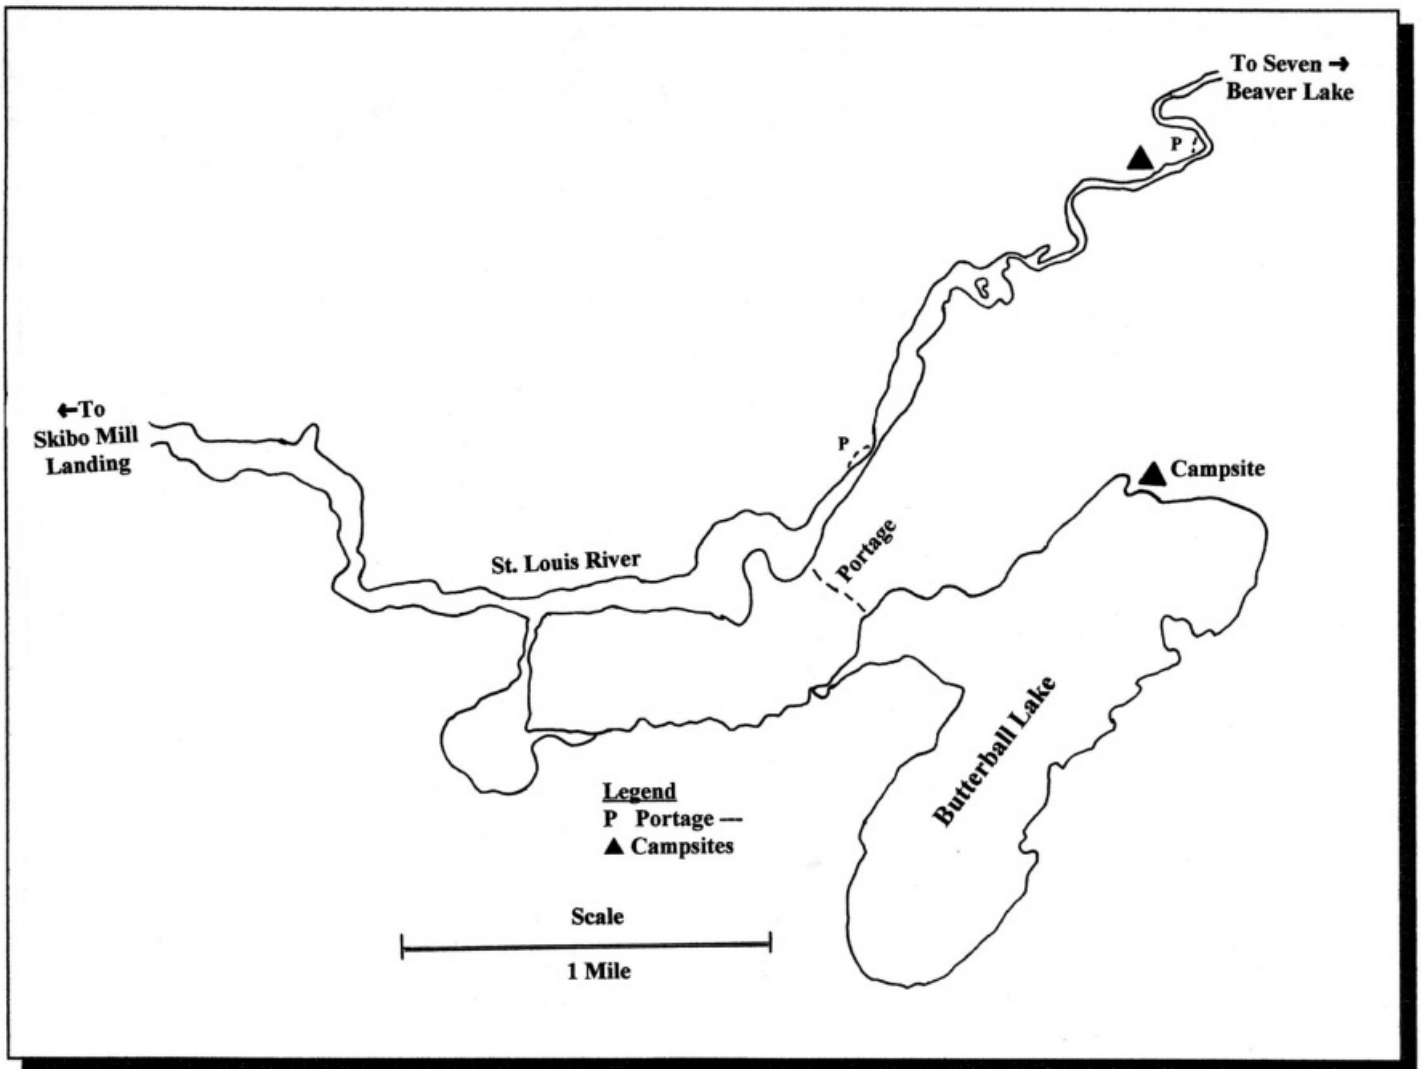

● Turn left on the Skibo Road (becomes Forest Road 120) to the Laird Creek Road (approx. 4 miles).

● Turn right on the Laird Creek Road (Forest Road 795) for 3½ miles to the end where a parking area and boat launch is located.

● Canoe up the St. Louis River for 4 miles or so. The 1/4-mile portage is on your right in a bay. It will lead you to Butterball Lake.

# Butterball Lake - Superior National Forest

## Features

- Access is a 1/4-mile portage from the St. Louis River.
- Fish species--primarily northern pike, perch and sucker.
- An out-of -the-way, quiet lake-433 acres in size.
- Area offers a wide variety of trees, plants, wild rice, birds and wildlife.
- One campsite on the north shore with a metal fire ring and wilderness-type box latrine.
