Subject: White Mountain Stewardship (WMS) Review Report

To: Regional Leadership Team

In May of this year, R3 Regional Office and Apache-Sitgreaves NFs employees, representatives from the WMS Multi-Party Monitoring Board, the WMS contractor, local citizens, and State and County representatives met to review and discuss the WMS Contract.

The findings of this report will strengthen planning, implementation, and monitoring efforts associated with other landscape restoration efforts in R3 including the Four Forest Restoration Initiative (4-FRI) in Northern Arizona and SW Jemez restoration initiative on the Santa Fe NF.

Questions regarding this report are best directed to Patrick Jackson. He can be reached at 505-842-3305 or pljackson01@fs.fed.us.
